DPW POTHOLE PATROLS ARE MAKING PROGRESS *MORE THAN 4400 POTHOLE HAVE BEEN FILLED SINCE MARCH 7TH*

INDIANAPOLIS – Department of Public Works (DPW) crews and the private contractors have filled thousands of potholes since the asphalt plants opened on March 7th, a month ahead of schedule. But there are still more potholes to address and crews are working overtime to make the repairs. Crews continue to work 12-hour shifts this week, 7:00 a.m.-7:00 p.m. Currently, there are 16 DPW crews filling potholes in Marion County. In addition, there are at least 40 workers with private contracting companies filling potholes. DPW will continue to concentrate on the main thoroughfares while the private contractors repair potholes in the residential areas.

Since having access to hot asphalt, DPW crews and private contractors have completed 4,452 pothole service requests. The number of potholes represented by each service request can vary from one to a dozen.

Residents and commuters can report potholes by visiting www.indy.gov/pothole to access RequestIndy. They can also call the Mayor's Action Center, 327-4MAC.
